Important notes about the workshop:

- You should not be present in the presentations before your own presentation. However, you should listen to at least two more presentations after yours. This does not apply to the last group.
- You have 15 minutes to present your project. After this time you will be interrupted. After that there will be 10 minutes for questions and discussion.
- One of the two groups will sign a contract with the customer upon which you receive bonus point on the exam. Group 6 that is presenting alone will be compared to the average.
- What you present is up to you but the presentation, your requirements, your SRS, the elicitation meetings and the unique requirements you have elicited are the base for our judgment about the contract. This is decided by all the customers present at the session and will either be announced right away or published on the web page depending on the quality of the presentations.
