Parallel and Distributed Real-Time Systems

Facing the voluntary written exam ...

Thursday 14:00 − 16:00, June 4, 2015

in the "M" building

Notes:

1. The voluntary written exam is only available for students registered in 2015

2. The voluntary written exam is a two-hour exam

Examination

Evaluation of students registered in 2015:

- The student is evaluated through two compulsory homework assignments with report submission and oral examination, and a *voluntary written exam*

- The final grade (scale is U, 3, 4, 5) is based on the average grade of the compulsory homework assignments

- The score for each homework assignment must be equivalent to a grade of 3 or above.

- To enable the highest final grade (5) the student must take, and pass, the voluntary written exam (grade: pass or fail)

Voluntary written exam

Preparation guidelines:

– <u>Full</u> in-depth knowledge of examiner's lecture notes

– Overview knowledge of guest lecture notes
(#13, 15, 16: Comm networks, WCET analysis, Clock synch)

– Knowledge of other course material is not required

– Note: *older written exams are not representative*

Books, notes or calculators are **NOT** allowed:

– Numerical calculations (if any) will be fairly simple

– Language dictionaries (printed) are allowed

– Electronic language translators are <u>not</u> allowed
