

# Open source modeling and transformation tools survey

# I'm sorry...

- Fighting death by PowerPoint:
  - How to make a presentation and not to bore your audience to death.  
(see some great presentations on YouTube, especially the 2<sup>nd</sup> one below)
- The slides hereafter often violates some basic recommendations:
  - Too much info in the slides.
  - Too small text.
  - ...and I'm sorry about that. ☹
